I _____ I solemnly state that the deceased is a Muslim by faith and I am responsible for the payment of the burial cost. I have read the rules and regulations of the Riaz-ul Jannah cemetery and fully agree to abide by them. I understand that the management has only permitted the burial of the deceased; the space is neither owned nor leased to me. I pledge that I shall not indulge in any practice against the Islamic Shariah (Fiqh us-Sunnah). I authorize and give permission to the management to demolish any structure that I or a representative of mine or any other member or friends of the family of the deceased, relating heirs or contractors may have constructed on the grave which are in violation of the cemetery rules. The family has the right to ask for the Headstone installation, however ISG will order and install the headstone as per their approved pattern with no Arabic inscription or verses from Quran, and the family will be responsible for the cost. I will also abide with the rule that the ISG responsible person will lead the funeral prayer as per Fiqh us-Sunnah or the prayer will be held at some other location. The management's decision in this regard will be final and I shall not dispute that decision.
